

2019 ANNUAL SHAREHOLDERS' MEETING MINUTES

Time: 9:00 a.m., Friday, May 31th, 2019

Place: No. 328, Junfu 18th Rd., Beitun Dist., Taichung City 406, Taiwan (R.O.C.)

(Wagor International Banquet Hall)

Total outstanding GUIC shares: 356,236,962 shares

Total shares represented by shareholders present in person or by proxy 229,543,189 shares(including votes casted electronically 62,636,267 shares).

Percentage of shares held by shareholders present in person or by proxy: 64.43%

Chairperson: Scott Ouyoung, Chairman of the Board of Directors

Observer: Directors: Scott Ouyoung · Hsien Ou Yang · Chi-Keung · Wen-Mei Yiu

Independent Directors: Young-Sheng Hsu · Chin-Shan Huang · Yi-Chia Chiu

CPA: Tzu-Ping Huang

Recorder: Fusheng Ku

The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chairman called the meeting to order.

I. Chairman's Address(omitted)

II. Report Items:

Report No. 1:

Management Report on the Company's Business Performance.

Explanatory Notes: Please refer to Attachment 1.

Report No. 2:

Audit Committee's Review Report on the FY 2018 audited Financial Statements.

Explanatory Notes: Please refer to Attachment 2.

Report No. 3:

FY2018 Directors' and employees' profit sharing.

Explanatory Notes:

- (1)According to Article 25-1, Section 1, of the Company's Articles of Incorporation "If the Company was profitable during the year, at least 2% of the profit shall be allocated as employee remuneration first, and no more than 2% can be allocated as remuneration for directors and supervisors. However, an amount shall be set aside in advance to compensate for cumulative losses, if any."
- (2)The Company has proposed to allocate NT\$4,504,999 as Directors' and Supervisors' FY2018 remuneration and to allocate NT\$23,973,000 as Employees' FY2018 remuneration. (The Supervisors' tenure in FY2018 is from Jan 1st to May 25th, and their remunerations are to be issued proportionally.)
- (3) The remunerations shall be distributed by cash.
- (4) The proposals have been approved by the Remuneration Committee and the Board of Directors on March 11th, 2019.

Report No. 4:

Treasury Stock Execution Status Report.

Explanatory Notes:

For the Company and Shareholders interest, the Company repurchased treasury stock from the market.

Execution status as below,

Date of the board of directors resolution	2018/10/08
Purpose of the share repurchase	For the shareholders' interest. The purchased shares will be canceled by GUIC.
Actual period for the repurchase	2018/10/11~2018/12/07
Repurchase price range	NT\$11.03 to NT\$24.47 per share
Number of shares to be repurchased	12,000,000 shares.
Number and Type of shares repurchased	common stocks 12,000,000shares
Total monetary amount of shares repurchased	NTD\$186,188,289.
Total shares canceled	12,000,000 shares
Cumulative number of own shares held	0 shares
Ratio of cumulative number of own shares held during the repurchase period to the total number of the Company's issued shares (%)	0

Average repurchase price per share	NTD\$15.52 per share
Reason for non-completion of the share repurchase at expiry of the	None.
repurchase period	

The treasury stocks repurchased have been canceled upon authority's approval on March 22nd, 2019.

III. Matters for Ratification:

Matter No. 1: (Proposed by the Board of Directors)

Recognition of FY 2018 Business Report and Financial Statement.

Explanatory Notes:

- (1) The Company's FY 2018 Business Report (please refer to Attachment 1) and Financial Statements (as for the Consolidated and Parent Company Only Financial Statements, please refer to Attachment 3) have been approved by the Board of Directors and reviewed by the Audit Committee.
- (2) Submit for approval.

Resolution:

Shares represented at the time of voting: 229,543,189votes

Voting Results *		% of the total represented share present
Votes in favor:	219,720,080 votes (54,728,900 votes)	95.72%
Votes against:	251,773 votes (251,773 votes)	0.10%
Votes invalid:	0 votes (0 votes)	0%
Votes abstained:	9,571,336 votes (7,655,594 votes)	4.16%

^{*}including votes casted electronically (numbers in brackets)

RESOLVED, that the above proposal be and hereby was approved as proposed.

Matter No. 2: (Proposed by the Board of Directors)

Recognition of FY 2018 Profit Distribution.

Explanatory Notes:

(1) The distributable profit of FY 2018 shall be NTD 542,742,373. In consideration of the development of the Company, the distributed amount is NTD 461,808,051 for shareholders dividend. The Company shall distribute cash dividends to common shareholders in the amount of NTD 461,808,051 with NTD 1,300 for each of 1,000 shares. The distribution record date will be decided by Chairman of the Board of Directors upon approval by the Annual Shareholders' Meeting. The fractional shares from cash dividend distribution shall transfer to employee welfare committee. (Please refer to attachment 4)

- (2) If the shareholders' dividend ration in this cash dividend distribution is affected as a result of changes to Company's issued and outstanding shares, it is proposed that Chairman of the Board of Directors be fully authorized to handle such matter.
- (3) Submit for approval.

Resolution:

Shares represented at the time of voting : 229,543,189votes

Voting Results *		% of the total represented share present	
Votes in favor:	221,380,215 votes (56,389,035 votes)	96.44%

Globe Union Industrial Corp. Management Report

It was a challenging year making in which we made an operating income of NT\$626.1 million, which disappointingly was a fall of (35.9%) compared with the previous year. With the assistance of non-operating income, our net after tax was NT\$618.9 million(12.4%) behind 2017. Net Sales revenues were flat at NT\$17.88 billion, however due to some unforeseen disruption costs and increased investment into our brands overheads increased by 4.13%. Whilst trading did not meet with our expectations I am pleased to say that once again working capital was well managed control and we finished the year with a healthy balance sheet.

It was a challenging first half, particularly coming from foreign exchange within our Private Label and OEM business. From Q3 2017 the USD had weakened against the RMB dollar down to its lowest point in March at 6.2336. As a company we were too slow to react and negotiate price increases with key customers, which resulted in a fall in gross margins throughout the first half of the year. We rectified the problem we negotiated pricing mechanisms with our key customers to ensure that in future we can react with greater speed and resilience. As a result, the overall gross margins for our Private Label and OEM fell and full year sales ended at NT\$5.8 billion, as we also exited some low margin customers.

Our North American Branded business also came under some pressure. Demand for our Gerber branded sanitaryware was exceedingly strong in the second half of 2017 and throughout 2018; however our internal supply chain management systems and processes were too slow to react. As a result, supplies were disrupted throughout the first 6 months of the year. Our systems and processes have since been completely overhauled and in place which has rectified the problem and normalized supplies. The cost of recovery was high which negatively impacted our profits in the first half, but I am pleased to say that we still managed to grow our annual sales of the brand , which demonstrates the strength and confidence it holds in the US market. Full year sales for our total North American Brands business (which includes our Danze by Gerber faucets) ended at NT\$6.26 billion on the previous year.

In the UK, PJH had a major fire in November which destroyed one of its major distribution centers' that exclusively supplied products to B&Q, putting a complete halt to its business with this major customer. Within two weeks it was operational again, and by Christmas PJH had fully recovered it trading platform with B&Q, this incident did not have any negative impact to NIAT (net income after tax) of the Group's financial statement. Full year Sales revenues for PJH's total business were NT\$5.1 billion.

Home Boutique revenues were NT\$702 million, which was lower from the previous year. The challenges to expand its addressable market and to achieve growth in both turnover and profit has been Home Boutique's major focus for recent years. The plan includes increasing number of distribution Brands and growing the proportion of both online/offline retail sales which will see a more encouraging result from Home Boutique.

In November we were pleased to announce a major restructuring of our Group into four strategic business units, North American Brands, Global Private Brands, PJH and Home Boutique.

The aim being to simplify Group business and streamline the decision-making process. Align the corporate, commercial and manufacturing strategies under single business units - to ultimately improve end to end accountability and responsibility. Our aim to provide a more dynamic and effective service to our customers and become a stronger trading partner. I am pleased to say that we are already seeing the benefits of these changes with a much greater understanding of the specific needs of each business unit and therefore as we go forward we will be able to ensure that they get the appropriate level of focus and support.

The issue of the continued trade conflict between China and the US remains a concern that we must manage. The 10% tariffs imposed last year has been largely absorbed by the market. Our North American branded business has increased prices, in line with all other major brands. Within our Private label and OEM customers, a strengthening currency has helped, but we are also working with our partners to value engineer, where we can, and find ways of reducing costs to offset the full impact. Whilst this situation persists, it is difficult to predict the impact it may or may not have on growth in 2019, but of course we are continually reviewing the situation to minimize any potential impact.

Whilst 2018 may have been a challenging year, the foundation of the business remains strong. We have to manage the uncertainties with the continued China/USA trade conflict and the fallout of Brexit in Europe, but we remain confident that the business will grow.

To this end and for our future success we are in the process of reviewing our manufacturing footprint in China. Whilst we have no intention of leaving, we are proactively exploring other areas of the world for both our Sanitaryware and Faucet products to provide greater balance and to maintain our competitiveness in a global market.

Finally, our people are the cornerstone of what we do and remain integral to our success. They have overcome some real challenges in 2018, and we will continue to invest time and resources to both help to develop, retain and attract talent to our organisation.

On behalf of the Management Board thank you for your support.

Chairman: Scott Ouyoung

Manager:
Andrew Yates

REPORT OF INDEPENDENT ACCOUNTANTS

English Translation of a Report Originally Issued in Chinese

To Globe Union Industrial Corp.

Opinion

We have audited the accompanying consolidated balance sheets of Globe Union Industrial Corp. (the "Company") and its subsidiaries as at 31 December 2018 and 2017, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended 31 December 2018 and 2017, and notes to the consolidated financial statements, including the summary of significant accounting policies (together "the consolidated financial statements").

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries (the "Group") as at 31 December 2018 and 2017, and their consolidated financial performance and cash flows for the years ended 31 December 2018 and 2017, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the "Norm"), and we have fulfilled our other ethical responsibilities in accordance with the Norm. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2018 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Goodwill assessment

As at 31 December 2018, the goodwill was carried at NT\$780,187 thousand which accounted for 6% of the total assets. The Company performed impairment testing on the cash-generating units according to the International Financial Reporting Standards. The recoverable amount of the cash-generating units has been determined based on the value in use because their fair value cannot be reliably measured. The impairment testing indicated that the value in use of certain cash-generating units was higher than their carrying amount. We determined goodwill assessment to be a key audit matter because the carrying amounts of goodwill were material to the Group, the determination of value in use was complex, and high level of management judgment was involved when making assumptions about cash flow forecasts. Our audit procedures included, but were not limited to, evaluating whether the components of the cash-generating units have significantly changed, including analyzing the sales model and regions involved; evaluating the management's assessment approaches and assumptions of value in use; involving internal expert to assist us in evaluating the reasonableness of key assumptions used by management such as growth rates, discount rates, and gross margin; involving internal expert to assist us in evaluating the reasonableness of key components of discount rates such as cost of equity, company-specific risk premium and market risk premium by comparing them to other companies of similar size with the cash-generating units; interviewing management and assessing the reasonableness of assumptions used in their model such as cash flows. gross margin, growth rates, and the expected future market and economic conditions; comparing the actual financials to date with previously forecast financials and analyzing the Company's historical data and performance to assess the reasonableness of the cash flow forecast. We also assessed the adequacy of the disclosures related to result of impairment test and assumption's sensitivity in Notes 5 and 6.

Inventory valuation

As at 31 December 2018, the net inventories amounted to NT\$3,322,556 thousand, which accounted for 26% of the total consolidated assets. The determination of the provisions for obsolete inventories involved a high level of management judgment, and were subject to uncertainty due to product diversity. Furthermore, the cost of inventory included direct labor, raw material, and overhead, and the calculation and allocation were complex. Also, the allocation basis could have a material impact on the financial statements. As such, we determined this to be a key audit matter. Our audit procedures included, but were not limited to: understanding and testing the design and operating effectiveness of internal control over inventory cost and allowance for inventory; performing inventory price testing to verify the allocation of cost, direct labor, and overhead is reasonable; assessing the appropriateness of the policy of provision for excess and obsolete inventory by testing the accuracy of inventory ageing and analyzing movement of the ageing, analyzing the difference between the policy of the current year and the prior year, and analyzing the difference between the historical provisions and the actual write-off amount; verifying that inventories were valued at the lower of cost or net realizable value by comparing the book value of inventories at the balance sheet date with recent sales price on selected samples; verifying the existence and completeness of inventories by tracing items on the final inventory listing to the physical inventory compilation; attending inventory counts to understand the status of the inventories and evaluate the appropriateness of the excess and obsolescence provision. We also assessed the adequacy of the disclosures related to inventories in Notes 5 and 6.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability to continue as a going concern of the Company and its subsidiaries, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee or supervisors, are responsible for overseeing the financial reporting process of the Company and its subsidiaries.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company and its subsidiaries. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the accompanying notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2018 consolidated financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited and expressed an unqualified opinion on the parent company only financial statements of the Company as at and for the years ended 31 December 2018 and 2017.

Huang Tzu Ping Lin Hung Kang Ernst & Young, Taiwan 11 March 2019

Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

REPORT OF INDEPENDENT ACCOUNTANTS

English Translation of a Report Originally Issued in Chinese

To Globe Union Industrial Corp.

Opinion

We have audited the accompanying parent company only balance sheets of Globe Union Industrial Corp. (the "Company") as at 31 December 2018 and 2017, and the parent company only statements of comprehensive income, changes in equity and cash flows for the years ended 31 December 2018 and 2017, and notes to the parent company only financial statements, including the summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of the Company as at 31 December 2018 and 2017, and its parent company only financial performance and cash flows for the years ended 31 December 2018 and 2017, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the "Norm"), and we have fulfilled our other ethical responsibilities in accordance with the Norm. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2018 the parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment evaluation accounted for under equity method (Goodwill impairment test by subsidiary)

The long-term equity investment of Globe Union Industrial Corp. amounted to NT\$9,135,686 thousand, accounting for 79% of the total assets. The Company conducts impairment tests on the relevant cash generating units in accordance with the International Financial Reporting Standards (IFRS). The Company was unable to reliably measure the fair value. According to the results of the impairment test, the value in use of the cash generating unit was higher than its book value, so there is no investment loss estimated in this year. As the calculation of the discounted future cash flow of each cash-generating unit to support the value of the investees required significant management judgment with respect to the assumptions for cash flow forecast, we therefore considered this a key audit matter. The auditor's audit procedures included, but are not limited to, analyzing whether component of cash-generating unit has significant changed, including analyzing its sales pattern and region; analyzing the management's method and assumptions to assess the value in use; inviting internal experts to assist in assessing the reasonableness of management's key assumptions of the growth rate, discount rate and gross margin, including referring to a company of similar size of the cash generation unit to assess the reasonableness of the key assumptions, such as the equity cost of the components of the discount rate, the Company's specific risk premium and market risk premium; interviewing management and analyzing the cash flow, gross margin rate and revenue growth rate of financial forecast, and the reasonableness of the overall market and economic forecasts; comparing the current financial predictions and the results that have achieved so far; analyzing the Company's historical data and performance to assess the rationality of its cash flow forecasts. In addition, we also considered the adequacy of the impairment test results and hypothetical sensitivity disclosures stated in Notes 5 and 6 to the financial statements.

Inventory valuation

The net inventory of the Company (including inventories of the investees accounted for under the equity method) amounted to \$3,322,556 thousand, accounting for 29% of the total assets. Due to the uncertainty arising out of product diversification, the allowance for inventory valuation loss and slowing-moving or obsolete inventory required significant management judgement; calculation of inventory cost, including direct labor, direct raw material and allocation of manufacturing cost was complex whose allocation basis had material impact on the financial statements; we therefore considered this key audit matter. The audit procedures included, but are not limited to: understanding and testing the design and operating effectiveness of internal control over inventory cost and allowance for inventory; performing inventory price testing to verify the allocation of cost, direct labor, and overhead is reasonable; assessing the appropriateness of the policy of provision for excess and obsolete inventory by testing the accuracy of inventory ageing and analyzing movement of the ageing, analyzing the difference between the policy of the current year and the prior year, and analyzing the difference between the historical provisions and the actual write-off amount; verifying that inventories were valued at the lower of cost or net realizable value by comparing the book value of inventories at the balance sheet date with recent sales price on selected samples; verifying the existence and completeness of inventories by tracing items on the final inventory listing to the physical inventory compilation; attending inventory counts to understand the status of the inventories and evaluate the appropriateness of the excess and obsolescence provision. We also assessed the adequacy of the disclosures related to inventories in Notes 5 and 6.

Responsibilities of Management and Those Charged with Governance for the parent company only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of the parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability to continue as a going concern of the Company, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee or supervisors, are responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the parent company only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the parent company only financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the accompanying notes, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2018 the parent company only financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Huang Tzu Ping Lin Hung Kang Ernst & Young, Taiwan 11 March 2019

Notice to Readers

The accompanying parent company only financial statements are intended only to present the parent company only financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.
